

## BENEFITS

Each **Preventive Care Plan** provides veterinary services for one year and can be upgraded to a different plan when the need arises. Some benefits universal to all **Preventive Care Plans** are:

- All necessary vaccinations and diagnostic tests
- 12 affordable monthly payments
- Exam copay on scheduled examinations
- Additional discounts on eligible items that are not included in the plan

The cost for each **Preventive Care Plan** is divided into 12 equal monthly payments. **Thumb Veterinary Service** wants to be the primary caregiver for your special friend throughout every stage of life and we will strive to make that both convenient and affordable for you.

Ask one of our team members which **Preventive Care Plan** is right for your pet and enroll today!

# PREVENTIVE CARE PLAN OVERVIEW

Whether a trail riding buddy or a competitive athlete, there is value in having baseline and ongoing health information about your horse.

Medical and nutritional needs change as a horse ages. A **preventive care plan** helps manage their evolving health care needs by monitoring vital organ function and detecting problems early, before they become life threatening.

Every **equine preventive care plan** offered by **Thumb Veterinary Service** includes all necessary examinations, core vaccines, laboratory tests, teeth floating and other services essential to protect your horse against illness and disease. An upgraded plan is designed to provide additional services like non-core vaccines required for horses at increased risk and dental care.

Our goal is to keep your horse healthy and happy during the prime years of their life.
